

Pupil premium strategy statement: Cecil Gowing Infant School  
 Academic Year: **2018-2019**      Total Fund Allocated: £18,400      Reviewed July 2019

Possible Barrier	Item / Project	Cost (£)	Reasoning	Impact Evidence
Low speaking and listening skills on entry to school	Specialist TA in Reception part funded by PP funding	£4,088	Early identification and intervention to improve their understanding of vocabulary, use of language and pronunciation of sounds.	<p>Children's progress and attainment will be closely monitored using 'Tapestry' and 'pupil asset.'</p> <p>Speech therapists will show progress in their assessments and parents will notice improvements.</p> <p>September 2018: 17 children were registered on our SEN register for speech and language and school were monitoring another 16.                      July 2019: 13 children were registered on our SEN register for speech and language and school were monitoring another 9.                      Therefore the intervention was successful.</p>
Attendance	Parent Support Adviser	£3,612	To strengthen relationships with families and highlight importance of good attendance plus provide support to improve attendance.	<p>Attendance percentages will improve and families will understand the importance of regular attendance.</p> <p>The attendance figure for the whole school did not improve but attendance percentages for specific children has improved and families</p>

				have a better understanding of the importance of regular attendance.
Low self - esteem and aspirations	Support Worker from Benjamin Foundation	£420	To give children 'time to talk' and support their esteem.	Staff and parents will notice improvements in children's attitudes and confidence, which will lead to improved academic performance.  9 children accessed this service and completed successfully.
Lack of experience and enrichment opportunities	Clubs for specific children	£1,253	Opportunities to try different experiences and learn new skills outside of school.	Children enjoyed a range of different activities which helped them to increase their imagination and experiences.
Financial constraints	Trips	£200	Children are included in all trips without parents worrying about the cost.	Children enjoyed and experienced a variety of activities, places, cultures and professions to inspire them for their future. They had experiences to write about.
Attainment gap	Part funded Teaching Assistants and training to deliver Sound Discovery and FFT Wave 3 intervention.	£7,614	Research from the Sutton Trust and 'Making Best Use of Teaching Assistants 2015' evidences importance of standardised intervention and well trained TAs.	Progress and attainment of pupils and the gap between children eligible for PP and those not, closely tracked.

Attainment gap	SEND <ul style="list-style-type: none"> <li>• SIDP target</li> <li>• Specialist support</li> <li>• Training</li> </ul>	£1,213	Providing specialist teachers to attend pupil progress meetings to suggest strategies to teachers will enable our Pupil Premium children with special needs to make greater progress.	Progress and attainment data and evidence in work.  Training was also accessed after meetings which enabled staff to have further skills in their teaching
